

5TH GLOBAL DISTRICT ENERGY CLIMATE AWARDS

24-25 October 2017
Doha, Qatar

www.districtenergyaward.org

WE NEED YOU!

Since they were launched in 2009, the Global District Energy Climate Awards have offered visibility and recognition to the many communities, cities and campuses around the world that have embraced District Energy as a vital part of their sustainability planning. On 24 October 2017, at the 5th edition of the Awards in Qatar, high-level representatives from business, government and civil society will come together to share ideas and experiences and to see first-hand how District Energy is delivering on its promise of enabling a better and more efficient energy transition.

Organised in conjunction with the Global District Energy Conference in Doha, Qatar, these awards are a unique opportunity to celebrate successful District Heating and Cooling initiatives and to spread the word about how much our sector has to offer to its customers and to society as a whole. They are also an opportunity for **YOUR ORGANISATION** to position itself as a **District Energy champion** by acting as a donor and helping to make this exciting awards programme possible.

The **Awards are organised on a not-for-profit basis**, meaning any remaining funds will be channelled back into the sector in the form of educational activities, future editions of the awards, etc. So **Act now!**

Please fill in the enclosed form. For more information on how to participate and if you have any further questions or are considering an alternative form of support, please contact Silke Schlinnertz at events@euroheat.org or visit www.districtenergyaward.org.

Needless to say, decisions regarding donation or sponsorship of the Awards activities will in no way influence the outcome of the awards selection process nor the members of the evaluation panel.

**A BIG THANK YOU to our
Awards Ceremony Host:**

Donors (please fill in accordingly to your choice)

Platinum, premier and major donors are making significant investments in the advancement of District Energy and Climate Change. These contributions fund specific programmes, such as the awards and its ceremony. All linked activities are organised on a not-for-profit basis and any positive result will be used for further District Energy educational activities, agreed jointly by the Global District Energy Climate Award chairman and members of the evaluation panel.

Platinum Donor contributions of €10,000 or higher: _____ per edition.

Premier Donor contributions of € 5,000 or higher: _____ per edition.

Major Donor contributions of € 2,500 or higher: _____ per edition.

Donor contributions of € 1,000 or higher: _____ per edition.

The benefits include the following:

- Logo on all Awards / Ceremony marketing materials & communication (e-blast, pamphlets etc.);
- Full page feature on awards microsite with link to your home page (as of major donor level);
- Recognition from podium at the ceremony.

Please send a digital file (EPS and jpg) of your organisation logo to be used for various materials to: events@euroheat.org.

For more information on becoming a platinum, premier, major donor or donor and /or to learn more about the conference/summit opportunities available for support, please contact events@euroheat.org.
